

GECO GOLD 12,5x50

Item no. 2403734

GECO Gold 12.5x50 binoculars have the largest magnification level in the Gold observation series. They deliver ultra-bright, sharp and high-contrast images even in very unfavorable lighting thanks to the good field of vision, large exit pupil and HD glass. This allows safe spotting and fixing, even at long ranges. Like all binoculars of the GECO Gold series, the GECO Gold 12.5x50 offers an integrated tripod connection. The result is impressive and an unforgettable viewing experience.

GECO GOLD binoculars

The binoculars in the GECO Gold line belong to the absolute premium class. HD glass lens design combined with state-of-the-art multilayer coating ensure top optical values for transmission, field of view edge definition, close focus and color fidelity. All lenses are dirt- and water-repellent thanks to the hydrophobe GECODrop coating. The innovative microbridge comes in a high-quality and particularly ergonomic design. Magnesium housing, coated magnesium bridge and rotating, aluminum eyepieces in premium quality create maximum robustness at minimum weight. Diopter adjustment was integrated in the central focusing knob. Anyone looking for extremely fair value for money without compromising on binocular quality will find what they need right here. All products have a tripod connection and come with a shoulder strap, hard case and a 10-year warranty.
