.300 Win. Mag.

The .300 Win. Mag., which was introduced in 1963, became a success story worldwide. It is a true all-round cartridge with sufficient power for diverse forms of demanding hunting for hard to kill game. The .300 Win. Mag. is suitable for all cloven-hoofed game.

GECO introduced the 170 gr GECO Softpoint bullet in 1996, the 170 gr GECO Plus and the 165 gr GECO Express followed in the year 2011. The latest innovation is the lead-free GECO ZERO with 136 gr.

GECO Softpoint

Thousands of roe deer have been shot with the legendary GECO Softpoint bullet which is suitable for universal use and in almost any hunting situation. It responds reliably in the game's body and has good target ballistic effectiveness. The thin walled jacket of the bullet is the secret of this successful design, deformation is initiated by the marked lead tip and then the jacket responds to the increased resistance, even with heavy game the deformation process remains well controlled.

Construction GECO Softpoint bullet

Universally usable and copes with almost any hunting situation.

1. **GECO Classic Tip:** For safe deformation and stability
2. **GECO Lead Core:** For a well-balanced performance
3. **GECO TS Jacket:** For precision and barrel protection
