Rottweil Jagd braun Plastik

With 36.0 g or 31.0 g the Rottweil Jagd braun is an inexpensive alternative to the Waidmannsheil and a qualitatively good shotshell for versatile hunting.

Due to its good patterning, this shotshell with plastic case and felt wad is especially suitable for small game hunting.

Rottweil Jagd braun Plastik at a glance:

- Cartridges containing lead shot in 12/70 and 16/70 gauge
- Suitable for hunting small game
- Moisture-resistant plastic cartridge
- SINOXID primer

Shotgun shell construction of Rottweil Jagd braun Plastik

1. The brown PE plastic case is highly resistant to moisture
2. Lead shot
3. Cleaning of the barrel with every shot due to the fibre wad
4. The H-wad optimally seals off the powder chamber
5. Protection of the barrel due to non-corrosive SINOXID® ignition
6. Extra high quality 20 mm brass head
