Rottweil Brenneke Magnum

With the heavy "silver" bullet, this cartridge achieves a very high energy release in the game's body. The precision in smoothbore shotgun barrels is equally good with all choke versions. Its use is only allowed in shotguns with 76 mm chamber.

Rottweil Brenneke Magnum at a glance:

- classic hunting cartridge
- classic slug with felt wad
- transparent PE plastic case prevents erroneous use
- optimum precision
- Protection of the barrel due to non-corrosive SINOXID® ignition
- calibre 12/76 Magnum

Shotgun shell construction of Rottweil Brenneke Magnum

1. The transparent PE plastic case prevents erroneous use
2. Very high energy release due to the heavy original BRENNEKE "silver" bullet in combination with the strong special magnum powder
3. Plastic tail section - firmly connected to the bullet
4. Powerful and uniform development of the increased gas pressure due to the special magnum powder
5. Protection of the barrel due to non-corrosive SINOXID® ignition
6. Extra high quality 20 mm brass head with 12 gauge
