Rottweil Brenneke Classic Magnum

Due to a higher powder load (=magnum load) this cartridge achieves higher velocity, and due to this increased performance, it delivers more energy at the target. The precision is equally good with all chokes of smoothbore shotgun barrels.

Only suitable for shotguns with steel proof marks!

Rottweil Brenneke Classic Magnum at a glance:

- higher powder load (= magnum load)
- high velocity
- all chokes of smoothbore shotgun barrels
- Powerful and uniform development of the increased gas pressure due to the special magnum powder
- calibre 12/70

Shotgun shell construction of Rottweil Brenneke Classic Magnum

1. The transparent PE plastic case prevents erroneous use
2. Optimum precision due to the original BRENNEKE slug with felt wad (classic)
3. Safe sealing off of the powder chamber with a plastic H-wad
4. Powerful and uniform development of the increased gas pressure due to the special magnum powder
5. Protection of the barrel due to non-corrosive SINOXID® ignition
6. Extra high quality 20 mm brass head with 12 gauge
