

Rottweil Exact 20/70

Item no. 2317053

Field of applications

Distances from 20 m to 30 m

Very well suited for Wild boar

Properties

<i>Shot size</i>	0 mm
<i>Shot number</i>	0
<i>Calibre</i>	20/70
<i>Brass head height</i>	16 mm
<i>Intermediate material</i>	Plastic wad
<i>Mouth velocity</i>	415
<i>Load weight</i>	26 g
<i>Content single packaging</i>	10
<i>Compatible with calibre</i>	20/70, 20/76

Rottweil Exact

The Rottweil EXACT slug ammunition is often distinctly more accurate than comparable cartridges of other manufacturers. The reason:

More stability due to higher velocity.

Furthermore, it is an inexpensive alternative to the classic slugs with felt wad.

Especially suitable for hunting wild boar at distances of up to 50 m in compliance with the hunting principles, and reduces the possibility of searching for wounded game.

Rottweil Steel Line at a glance:

- extensive range of lead-free shotshells
- soft-iron shotshells
- for environmentally conscious hunting
- assortment: Rottweil Steel Game Magnum, Rottweil Steel Game HV, Rottweil Steel Game, Rottweil Steel Game Speed 28
- alternative to lead shot

Shotgun shell construction of Rottweil Exact

1. The aerodynamic shape of the bullet point with its spiral-shaped grooves improves the flight characteristics and the precision
2. Driving bands at the upper and lower part of the bullet allow an easy passage through the barrel and choke. With this, best precision is achieved with any choke. Furthermore, leading of the barrel is reduced, as only the rotating bands of the bullet touch the barrel bore
3. The compressible plastic tail section cushions the shot and ensures a stable flight attitude
4. The transparent PE plastic case prevents erroneous use
5. Protection of the barrel due to non-corrosive SINOXID® ignition
6. Extra high quality 20 mm brass head with 12 gauge (16 mm brass head with 16 gauge)
