.270 Win.

The .270 Win. is an internationally widespread 7 mm cartridge. It is pleasant to shoot and with good precision best suited for light to medium-sized cloven-hoofed game.

The GECO Express bullet with its weight of 130 gr is based on the original version of 1925. The assortment is completed with the 140 gr Softpoint and the 150 gr GECO Plus bullet.

GECO Plus

The GECO Plus is a precise projectile designed using the latest technology. The GECO bonding technique is characterised by the extremely strong solder joint between the projectile core and jacket. As a result of this the GECO Plus mushrooms with minimum fragmentation and has excellent penetration even in heavy game or if striking bone. The breaking points visible on the jacket control the deformation and ensure the bullets effectiveness.

Construction GECO Plus bullet

For deep penetration with absolutely minimum carcass damage for deer or even larger game.

1. **GECO Performance Point:** For precision and safe deformation
2. **GECO Grooves:** For controlled effectiveness
3. **GECO Bonding:** For deep penetration and venison protection
