.308 Win.

The .308 Win. was put on the market as a hunting and sports cartridge in 1952. Its strong points are the high universality and the pleasant shooting behaviour – suitable for all European cloven-hoofed game.

GECO is offering the calibre .308 Win. with the bullets GECO Express, GECO Softpoint, GECO Target, GECO Plus and lead-free: GECO ZERO.

GECO ZERO

GECO ZERO is GECO's newest development. It distinguishes itself with premium accuracy and outstanding stopping power – and is completely lead-free! This highly innovative jacketed bullet has two tin cores. Assisted by the hollow-point design, the pre-fragmented front core disintegrates instantly upon contact with the targeted animal and releases a large portion of its energy to quickly bring it down. Together with the jacket, the rear core remains a stable slug to penetrate and provide a certain exit wound. This makes GECO ZERO an excellent choice especially on light to medium game.

Construction GECO ZERO bullet

GECO ZERO: Lead-free bullet with great accuracy and terminal effect – for all game.

1. **GECO Performance Point:** for accuracy and certain expansion
2. **Pre-fragmented tin front core:** for reliable performance and solid stopping power
3. **Rear cannelure:** for high weight retention and a certain exit wound
