RWS SUPER-H-POINT 0,92 g

The RWS SUPER-H-POINT 0.92 g airgun pellet is a smooth diabolo pellet with a hollow point. Due to its high deformation readiness and its higher weight (0.92 g), it guarantees even higher penetration power and maximum shock effect with the game.

The RWS SUPER-H-POINT 0.92 g is perfectly suitable for hunting airguns and is available in calibre 5.5 mm.
