## VARIANT DESCRIPTION

With the JAKT XTRM silencer, a choice of three lengths (151/184/224 mm), small weapon extensions

(67/100/140 mm), 50 mm diameter and the over-barrel design ensure optimal silencer performance of up to -34 dB during modern hunting. For added personality, the product variant, which is additionally strengthened with the XTRM steel mesh fabric, offers a significant selection of colours. JAKT XTRM is suitable for round barrels up to 23 mm. XTRM steel mesh - more power and less damage to hearing.
